Lightspeed 3-in-1 Privacy Shelter

- The compression hub and telescoping poles allow for quick set up and tear down
- 3-in-1: changing room, shower, restroom
- Features integrated solar shower shelf (solar shower bag not included)
- Interior clothesline and storage pockets
- Floor raises for tent to be used as open-floor shower or camp restroom
- Includes: tent pegs, guide-lines, oversized storage bag

The generous headroom and floorplan make getting changed into hiking gear at camp or a wetsuit at the beach a breeze. The second function is a camp shower, utilizing the integrated solar shower shelf and ceiling windows (for light and ventilation), simply supply a shower bag and take pleasure in feeling fresh and clean while enjoying the outdoors. There are even convenient interior pockets and a clothesline for towels. The floor can be used down (mesh allows water to drain) or folded up, depending on the groundcover. The third, least glamorous but most practical use, is a campground restroom. With the floor folded up, there is plenty of space for a portable toilet or campground commode. Enjoy the convenience of a private outhouse.
