

RESTOP®

NEMO HELIO SHOWER

The award-winning Helio shower from Nemo is now available through RESTOP to provide a complete sanitation/hygiene system. With a simple foot pump mechanism, showers can be available anywhere there is water. Each shower system weighs a mere 1.5 pounds and breaks down into a small carrying case for easy portability. Simply fill the Helio tank with water and expose it to the sun for a few hours to enjoy a warm shower.

The Helio shower is available on its own or in various combinations for a complete sanitation system:

LIGHTWEIGHT The Helio shower system weighs only 1.5 pounds. The system includes foot pump, nozzle, hose and tank.

EASY TO USE Simply fill the tank with water and activate with foot pump. The water flow rate is controllable by the user.

CONVENIENT The shower can easily be used with the RESTOP Privacy Shelter for a complete sanitation system.
